Revised 10/02

MICHIGAN COMMISSION ON LAW ENFORCEMENT STANDARDS

Standards and Training Section

7426 N. Canal Road, Lansing, Michigan 48913 (517) 322-6525

DRUG TESTING PROCEDURES

Basic Training Candidate: Agencies intending to enroll an individual in a basic training academy shall attach the laboratory report for the individual to the "Application for Enrollment/Certification" form TC-1, as instructed on the form. The TC-1 is obtained from and returned to the Regional Training Academy.

Pre-Service Graduate: Agencies seeking certification for an individual who is a pre-service graduate shall attach the laboratory report for the individual to the "Application for Enrollment/Certification" form TC-1, as instructed on the form. The TC-1 is obtained from and returned to the Commission's Certification and Information Systems Section [call (517) 322-5623].

Waiver of Training (In State and Out of State Graduate): Agencies seeking certification for an individual previously certified in Michigan or who was previously certified in a state other than Michigan, and who has successfully completed the waiver of training requirements, shall attach the laboratory report for the individual to the "Application for Re-Certification: Based on a "Waiver of Training" form TC-2, as instructed on the form. The TC-2 is obtained from and returned to the Commission's Certification and Information Systems Section [call (517) 322-5623].

Reporting Positive Test Results: Agencies shall report "positive" drug results for any individual reported "positive" by a laboratory using the Law Enforcement Officer Candidate Drug Test Report form TC-4 (Revised 1-01). The laboratory report for the individual shall be attached to the Drug Test Report.

Reporting a refusal or Failure to Report: Agencies shall report any individual who is told to report for a drug test but refuses or fails to do so, by using a Law Enforcement Officer Candidate Drug Test Report form TC-4 (Revised 1-01). Agencies shall report the circumstances of a "refusal" or "failed to report" on the Drug Test Report.

Order the drug testing by Test Code: If your laboratory choice does not have a test code, please reference the information in the chart below.

A list of the Commission's approved laboratories authorized to participate in the mandatory drug screening program is included on the back of this notice.

Drugs To Test For And Decision Levels

At a minimum, agencies must test for the following six (6) classes of drugs or their metabolite:

<u>Drug/Metabolite</u>	<u>Decision Level</u>
Amphetamines*	300 or 1000 ng/ml
Barbiturates	300 ng/ml
Cocaine metabolites	300 ng/ml
Marijuana metabolites*	50 or 100 ng/ml
Opiates	300 ng/ml or 2000 ng/ml
Phencyclidine (PCP)	25 ng/ml

Note: When two (2) initial test levels are indicated, an agency may select either test level at its option.

Confirmation shall be by Gas Chromatography/Mass Spectrometry (GC/MS)

If you have any questions, please call the Standards and Training Section at (517) 322-6525.
